Instructions

1. Introduction

Thank you for choosing the Decotel Estrella Radio Alarm Clock. This multifunctional clock includes radio, Bluetooth, USB-C charging, white noise, and wireless charging capabilities.

Please read this manual carefully before use and retain it for future reference.

2. Before First Use

• Unpack the unit carefully. Check all accessories are included.
• Plug in the power adaptor (9V/4A max) to begin using the device.
• Familiarise yourself with button functions before setting the clock.
• The unit can operate via mains power or battery. For full functionality, including wireless charging and USB-C output, mains power is required.

3. Important Safety Notes

• Use only the original power adaptor supplied.
• Keep the device away from water and damp environments. Suitable for indoor, dry locations only.
• Do not open, disassemble, or modify the unit.
• Avoid placing the device near heat sources, direct sunlight, strong magnetic fields, or high-humidity areas.
• Do not bend, cut, or place items on the power cord.
•Unplug the device during thunderstorms or when not in use for extended periods.
• Use only recommended accessories and parts.
• Do not use the unit if it emits smoke, an unusual smell, or shows visible damage.
• Avoid impacts, drops, and vibrations. This may cause data loss or functional issues.
• Never store or use the device in dusty, wet, or high-temperature environments.
• Not suitable for use above 2000m altitude or in tropical climates.

Instructions

5.Operating Instructions

5.1 Power On/Off

• When connected to mains, the display lights up at full brightness by default.
• In battery mode, the display dims automatically.
• To power off, press and hold the power button for 3 seconds. Repeat to power on.

5.2 Setting the Time

• Press the TIME button on the rear.
• Use + / - to select 12-hour or 24-hour mode. Press TIME to confirm.
• Hour will blink – adjust with + / -, press TIME to confirm.
• Minute will blink – adjust with + / -, press TIME to confirm.
• The clock exits time-setting mode after 5 seconds of inactivity.

5.3 Setting the Alarm

• Press the alarm button beneath the display to activate the alarm. Default is 07:00.
• Press and hold the alarm button to enter alarm setting. Time will blink.
• Use + / - to set minute and hour, then confirm.
• The alarm icon will show when set. Alarm repeats daily.

5.4 Turning Off the Alarm

• Press the alarm button during ringing to stop it.
• To deactivate an upcoming alarm, press the alarm button twice within 5 seconds.

5.5 Snooze Function

• When the alarm rings, press the snooze button. Alarm reactivates after 9 minutes.
• Long press the snooze button to cancel the snooze.
• Press once to stop snooze; press again to disable alarm for 24 hours.

Instructions

5.6 Alarm Volume and Ringtone

• Alarm begins at low volume and increases over 20 seconds.
• The ringtone is built-in and not customisable.
• In Bluetooth mode, the alarm will stop music playback.

5.7 Sleep Timer

• Press the timer button during Bluetooth music to enter Sleep Mode.
• Repeatedly press to cycle between 90 / 75 / 60 / 45 / 30 / 15 minutes or OFF.
• Timer will auto-confirm after 5 seconds.

5.8 Bluetooth Mode

• Press the Bluetooth button to enter pairing mode – the icon will flash.
• Pair with “HV3pro” on your device (no password required).
• Once connected, icon will stay solid and a sound will confirm pairing.
• To disconnect, power off Bluetooth manually or move out of range.
• The unit reconnects automatically when the device is back in range.
• Controls: + / - for volume, play/pause button for music.

5.9 White Noise

• Press the white noise button to toggle through:
1) Rainforest 2) Sea Wave 3) Wind 4) Off

5.10 Brightness Adjustment

• Short press the brightness button to cycle through:
Bright / Dim / Display Off

5.11 USB-C Charging

• One Type-C port available. Max output: 5V / 1A.
• Only functional when connected to mains power.

Instructions

5.12 Wireless Charging

• Wireless charging icon appears when active.
• If flashing, remove any objects (e.g. metal) from the charging pad.
• Max wireless output: 15W.
• Icon disappears when charging is complete.

5.13 Battery Mode

• Wireless and USB-C charging are disabled.
• Power-saving mode activates after 10 seconds of inactivity.
• Low battery is indicated by flashing icon and warning tone.
• Reconnect the power adaptor to resume full function.

6. Maintenance and Cleaning

• Always unplug the unit before cleaning.
• Wipe with a soft, dry cloth only.
• Do not use water, solvents, or abrasive cleaners.

7. Disposal

• Do not dispose of this product with regular household waste. Take it to an appropriate electronic waste collection facility in accordance with local regulations.

Troubleshooting

1. Clock Not Turning On

• Check power connection or battery charge.
• Hold power button for 3 seconds.

2. Alarm Not Working

• Ensure alarm icon is on and time is set.
• Check volume and power.

3. Bluetooth Not Pairing

• Enable Bluetooth and stay in range.
• Confirm pairing mode (symbol flashing).
• Reset with Bluetooth button or remove “HV3pro” and retry.

4. Wireless Charging Not Working

• Ensure device supports Qi and no case/metal blocks signal.
• Check power; flashing icon may mean interference.

5. Dim or No Display

• Adjust brightness.
• Check power or battery mode.

6. Buttons Unresponsive

• Check correct mode is active.
• Wait or restart if needed.
