Technical draw

Options

Linen bag holder, powder coated

Upper liftable holder
Lower liftable base with metal bars and abrasion-proof, non-marking donut bumpers Ø100 mm
Robust, water-repellant PES laundry bag (127 L) in burgundy red

Broom clip

One broom clip, possibility to add more

Metal drawer

Adjustable separators made of HPL (size S=1 pc. / size M=2pcs. / size L=3pcs.)
Sturdy metal rails
Soft closing
Integrated, mechanical pullout stop

Document holder

Manual locking
Integrated, mechanical pullout stop

Small item box with 6 separators

Adjustable separators made of HPL
Only available with OPT. LID

Doors lockable in HPL

Size S=1 door, size M=2 doors, size L=2 doors
Handle included in the locking mechanism, 2 keys
Upper magnetic latches

Options

Lockable metal lid, powder coated

Handle with chrome finish
Adjustable separators made of HPL (S=1 pc lengthwise, 1 depthwise / M=1 pc lengthwise, 2 depthwise / L=1 pc lengthwise, 3 depthwise)

Waste bag holder with mask bag, powder coated

Upper liftable holder
Black plastic lid with Caddie logo
Water-repellent PES laundry bag (127 L) in burgundy red
Lower liftable base with metal bars and abrasion proof, non-marking donut bumpers Ø100 mm

Holders for waste sorting kit with 1 bag and mask bag

Upper folding support
Black plastic lid with Caddie logo
Black polyester bag 127 L
Lower folding support with metal bars e non-marking bumper wheels Ø100 mm

Waste bag holder, powder coated

Upper liftable holder
Black plastic lid with Caddie logo
Lower liftable base with metal bars and abrasion proof, non-marking donut bumpers Ø100 mm

Tool box

Handy tool box with grip
Material: Polypropylene copolymer
Dimensions: Height (with handle) 26 cm, Width 29 cm, length 33 cm; Single compartments 10 x 30 x 14 cm

Selective waste sorting kit

3 plastic containers
Lower liftable base with metal bars and 2 donut bumpers

Vacuum cleaner clip

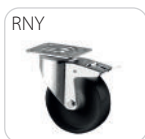

Bucket holder, powder coated

Lower, full steel base
Dimensions: 354 x 566 mm
2 buckets, 12 L each (red and blue)
2 bumpers Ø100 mm

Upgrade for 4 super elastic castors Ø200 mm, two of which with brake. Optional not compatible with RS5

Upgrade for 4 nylon swivel castors, and 2 with brake

Ideal for carpeted floors
Castor made of nylon Ø160 mm

Laundry bag holder, powder coated

Upper liftable holder
Lower liftable base with metal bars and abrasion proof, non-marking donut bumpers Ø100 mm
Polyester laundry bag with drawstring (127 L)

Removable trolley used either separately or connected to the BALI trolley

Steel tube frame
Clip-on system for BALI
2 fixed castors

Lock with combination

Holders for waste sorting kit with 2 bags and mask bag for Tahiti and Palacenet

Upper liftable holder equipped for 2 bags
Black plastic lid with Caddie logo
Folding lower support with metal bars and 2 rubber bands for fixation of the waste bag
Burgundy laundry bag
Bumpers Ø100 mm

e-DRIVE

Fifth motorized wheel (forward and backward) electrically operated by knob
180w 24v electric motor with electromagnetic unlockable brake
2 polyurethane castor diameter 160 mm
2 batteries + charger + battery charge level indicator
Control button box in painted plastic RAL 9006
Made in France and Certificate of Integrability CE
